Councillor Report

I am extremely pleased Council unanimously supported the passing of the "Rowan Park in Haskayne" outline plan. The ability to move forward on this significant development was the result of Council's vote to remove the Growth Management Overlay of 12 communities. This decision will benefit all Calgarians in terms of an increased tax base, ongoing investments, positive effects on housing affordability and the creation of 1000's of jobs.

Over the total build-out, \$70MM in levies will be paid by the developers, which represents over \$2.4B in total economic value. At total build-out, the area will be home to 19,000 Calgarians.

Rowan Park in Haskayne is truly a game changer for North West Calgary. The innovative design of the community meets both the environmental and financial sustainability needs for The City of Calgary. The density is actually more than what the Beltline is. As well, this community will provide the missing link in pathway and trail connections from Calgary to Cochrane, including Haskayne Legacy Park and Glenbow Ranch Provincial Park. This new community ties in nicely with Greenwich in the NW with its upcoming 60,000 sq. ft. Calgary Farmers Market.

On a separate note, and outside of North West Calgary, Council supported my Notice of Motion to move on the BMO convention expansion, when completed will generate over \$267MM every year to the Calgary economy. These projects involve significant work by many people. I would like to thank everyone for their hard work to get these projects to the finish line! Please join me in celebrating these Calgary building accomplishments.

Silver Springs Edible Garden Group

Spring is just around the corner and here at the Silver Springs Edible Garden, we are excited! Another season full of opportunities is ahead of us and what better way to challenge yourself than to plant a garden? Growing your own food has many health benefits, including: helping you eat more fresh fruits and vegetables; letting you decide what kinds of fertilizers and pesticides come in contact with your food; and allowing you to control when to harvest your food, for the freshest produce. If you are interested in joining the Silver Springs Edible Garden Group, please email silverspringsgarden@gmail.com to be put on a waitlist for 2019.

The Edible Garden Group, in partnership with the Botanical Gardens of Silver Springs, is excited to kick off the 'Growing Connection' Garden Speaker Series this month – a series of speaking events on various gardening topics, open to the public. Mark your calendars for the first event, 'It Takes a Village to Raise a Chive' taking place March 20th, 2019.

MARCH 20th, 2019 @ 7pm

'It Takes a Village to Raise a Chive'

Presenter: Chelsie Anderson

Chelsie is the owner/operator of 'Chelsie's Garden Soils' in Calgary. She is a regular contributor to CBC Radio's 'The Homestretch'. Chelsie's talk will shine a light on the 4 groups of critters – decomposers, microbes, pollinators and predator bugs – that are truly responsible for growing the food in our gardens. During this entertaining talk you will find out who does what and how you can employ them in your own garden. Silver Springs Community Centre, 5720 Silver Ridge Drive NW, \$15 at the door

Hayley's Rink

Ideal skating and ice making conditions, which started in mid December, carried on well into the New Year enabling both hockey players and pleasure skaters alike the luxury of long comfortable skates on the complex of rinks east of the Silver Springs Community Center. Although school and work commitments caused the number skaters in January to dwindle from Christmas holiday peaks, the rinks continued to draw skaters of all ages from around the city to enjoy one of Canada's favorite outdoor pastimes. Two short unseasonal winter heat waves, during which daytime highs exceeded +10C, did minor damage to the ice surfaces causing a loss of the use of the rinks for a day or two but once normal winter conditions returned, our volunteer crews were able to restore the surfaces with a simple sweep and one to two floods.

Seven crews consisting of Silver Springs' residents of all ages, who care for the rinks on each day of the week, have also enjoyed the experience of maintaining this year's ice. Very little snow fall and temperatures hovering just below 0C have made it easy for our crews to make and maintain near perfect outdoor ice. Enhancing our volunteer's ice making experience, the motorized sweepers and snow blowers used to clean the rinks ran all month without a single break down. Preventative maintenance performed by John Tuck is paying off in a big way this year. John combines his Saskatchewan farm boy experience with good common sense to head off equipment failures before they become major expenses. We give a special shout out to John for his efforts and the pride he takes in keeping our aging fleet of machines fully operational! If interested in joining our team of volunteer ice makers, please contact Derwyn Hughes at 403 286 1982.
